

Members: Now Get Even More From Your Insurance

INFLATABLE INDUSTRY
PURCHASING GROUP INC

Affordable liability insurance-- that you can count on, delivered by dedicated experts. This is just the beginning of what IIPG can offer inflatable companies. Now more than ever you are having to work harder and smarter— Here Are 5 Things IIPG is doing to help.

(1) Discounts for Training

You know it pays to have the safest, most experienced inflatable operators. We know it too. That's why now IIPG members can qualify for substantial premium discounts when they successfully complete one of these IIPG-approved safety courses:

- IIPG FREE Online Video Training & Testing
- Mobile Midway Safety Institute Training & Testing
- PA Amusement Ride Safety Inspection Certification
- ROAR Operator Training
- SIOTO Training & Testing

(2) Show Them You Care

Members can achieve better control and higher customer satisfaction by using our medical payment option in the event of a minor injury.

The offer to cover ambulance, hospital, and doctor bills without entering into questions of liability often is the best way to manage ordinary accidents. Medical payments up to \$5000 are reimbursable as part of our standard policy.

(3) \$5 Million Reasons to Consider

IIPG members commit to ASTM standards; you take the time and the training to reinforce the strictest safety and operating procedures to avoid preventable accidents. But, sometimes

accidents happen despite the best care and know-how. In that event we don't want you to face a claim that exceeds your policy limits. Even a fully covered claim could put your business and personal assets at risk. IIPG members can upgrade the standard \$1 million/ \$2 million liability policy to \$5 million/ \$5 million. This tremendous increase in coverage costs just a fraction more than the base policy.

(4) Get Member Rates on Commercial Auto

Your IIPG membership gives you access to commercial auto coverage for owned vehicles. Where no owned autos exist, hired and non-owned auto coverage can be added to members' liability policies.

(5) Get Premium Credit for Claim Deductibles

Members who opt for claim deductibles over \$2500 can now receive credit on their liability

premiums. Discounts vary from 5%-25% depending on the account size and history; consideration is given for inventory, promptness of incident reporting, and compliance with established risk management guidelines.
